

OUR MISSION AND VISION

Flatlands Dance Theatre produces and promotes innovative and diverse dance and provides community engagement initiatives to the West Texas region through a collective of working artists.

Flatlands Dance Theatre seeks to enrich the West Texas cultural community by producing innovative and diverse dance works performed by professional artists.

In establishing Flatlands Dance Theatre we are particularly enthusiastic about the opportunities we have to engage with other individuals in the community who share our commitment to furthering the visibility of professional dance in Lubbock and West Texas.

A performing company must have talent and artistic ambition to survive and thrive. Thriving requires the support of community partners who also believe in the mission of Flatlands Dance Theatre. FDT brings professional dance of the highest caliber to the South Plains. We believe in the possibility that with your support, Lubbock could be a premiere hub for professional dance in Texas and beyond.
